

OVERDRIVE/DISTORTION

OD300

2-Mode Overdrive/Distortion Effects Pedal

- Take off with overdrive, distortion or a combination of both effects in one powerful pedal
- This BEHRINGER product has been designed to compete head to head with leading products on the market
- Dedicated Level, Tone, Drive and Mode controls for awesome sound shaping
- Status LED for effect on/off and battery check
- Runs on 9 V battery or the BEHRINGER PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

Some songs call for an edgy modern-crunch; others call for the classic sound of hot and bothered tubes – still others need a little of both. The OVERDRIVE/DISTORTION OD300 has all your bases covered, allowing you to expertly sculpt your tone with the Level, Tone, Drive and Mode controls.

Truckloads of Tone

Thanks to the OD300's Overdrive/Distortion blend dial, you can turn all the way to the left for pure overdrive, or all the way to the right for straight-ahead distortion. In between, you get an infinite amount of options for creating the perfect overdrive/distortion cocktail. And with the dedicated Tone, Level and Drive dials, everything you need to create a signature sound is right at your fingertips.

Ease of Use

The LED tells you when the OD300 is working its magic, and the top-quality on/off switch maintains excellent signal integrity in bypass mode. You can power the OD300 with either a 9 V battery or our PSU-SB DC power supply (not included).

Sound Value

Why settle for just overdrive or distortion when you can have both? Set your tone on fire with distortion, overdrive, or a potent blend of both – with the OVERDRIVE/DISTORTION OD300. Check one out at your local dealer today, or get yours online!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
